
Tongcheng Travel Holdings Limited
Climate Change Policy

Chapter I General Provisions

Article 1 As a market leader in China’s online travel industry, we always practice the concept of sustainable development and proactively identify, assess, respond to and manage the risk factors related to climate change. We formulate and implement a climate change policy to adapt to and mitigate the impact of climate change on our business operations, and vice versa, and to strengthen our resilience to climate change.

Chapter II Code of Conduct

Article 2 We set medium – and long-term objectives for greenhouse gas emission reduction and energy conservation, develop action plans to achieve such objectives, and review their achievement annually;

Article 3 We identify climate change risks on a regular basis and actively incorporate climate change-related risks into our comprehensive risk assessment and management system. We pay close attention to climate change-related laws and regulations and market changes, establish emergency procedures and response mechanisms to deal with extreme weather, thereby mitigating the impact of extreme weather on our business operations;

Article 4 We respond to and promote low-carbon travel, enhance people’s awareness in this respect and of climate change risks and responses. We strengthen the promotion of green travel, encourage users to prioritize low-carbon travel models, and guide travel service providers to take climate change response action;

Article 5 We actively follow the latest developments of climate change issues, as well as technology solutions for clean energy innovation in the industry, and commit ourselves to improving the energy use efficiency of data centers and reducing their carbon emission levels;

Article 6 We advocate a green and low-carbon office and raise employees’ awareness of energy conservation and emission reduction, with a view to reducing office energy resource consumption, and promoting energy conservation and emission reduction;

Article 7 We encourage our partners and stakeholders to work together to reduce the carbon in their daily operations, and thus lowering carbon footprint of the industry chain.

Chapter III Supplementary Provisions

Article 8 The climate change policy we participate in and implement shall be managed, monitored and reviewed by the ESG and Data Security Committee. We will formulate implementing rules to support our climate change policy, which shall be reviewed and updated periodically.

Article 9 This Policy applies to Tongcheng Travel Holdings Limited and any of its subsidiaries and consolidated affiliated entities.
